EXPERIENCE

Software Development Training

March 2023 - Present

Silver Spring, MD

- Completed educational programs including Treehouse's Front End Web Development Track and Wes Bos JS30 Challenge
- Pursuing several self-guided projects to advance my web development skills

Senior Designer at HealyKohler Design

March 2009 - September 2022

Washington, DC

- Led and performed design and development of exhibit projects at all phases from initial concept to final installation
- Collaborated with exhibit development teams to create engaging content-delivery systems and unique visitor experiences
- Generated 3D renderings and flythrough animations to help clients and stakeholders visualize their exhibits
- Coordinated with other designers to produce design deliverable packages for presentations, revisions and approvals

Junior Designer at Gallagher & Associates

November 2007 - March 2009

Bethesda, MD

- Supported exhibit design teams by generating plans, elevations, 3D renderings, case layouts and scale models
- Organized and maintained material finishes and samples library

EDUCATION

BA, Industrial Design

August 2003 - May 2007

Virginia Tech University

Blacksburg, VA
